

Welcome to all Parents and Carers and Friends

My name is Ryan Starr, and I am delighted to have been elected to the role of Chair of Governors at Pathways Learning Centre. I have been a Governor since 2024 and have worked first hand with the school in my role within the Department for Education seeing firsthand the brilliant job Dan and his team do every day. I firmly believe in the importance of close partnership working between parents and staff to ensure the best outcomes for our children and young people.

I am fortunate to be part of a highly committed and skilled team, who volunteer their time to support the work of the school. The governors are a mixture of parent Governors, school staff and co-opted Governors, who have a variety of skills and backgrounds that provide the school with a wide range of expertise and support. What unifies us is our commitment to the school's vision and mission to support our learners to develop holistic skills for life.

As Governors, we work closely with all members of staff to ensure that pupils feel safe, valued, and receive the appropriate support and level of challenge to develop their potential. We do this through regular school visits and termly meetings. We scrutinise a range of data, for areas such as assessment and attendance, and ask questions that both challenge and support staff. We also celebrate the many successes we see in school on every visit. The Governing body sits within the broader structure of Enable Trust, and we work closely with Trustees and the Central Team to support the school.

If you would like any further information about the work of the Governors, please do not hesitate to contact me via the school office.
