

## Student Voice Newsletter — September 2019

### Interventions - What are they?

We discussed the interventions on offer at Pathways and if students know how to access them.

If you didn't know already, the following are available:

- Counselling
- ELSA
- Sand Tray
- Sensory
- Literacy
- Numeracy

Would it be helpful to have an information sheet available for each intervention?

If you want to access any of the above, please see Laura Spires about it! (Options are slightly different for Fosse)

### Great turn out!

We had an excellent turn out from Cotswold, Frome and Fosse for the first meeting of the year!

If you want to get involved, please come along next time!

### MTP—Medium Term Plans

MTP's should be in the front of all of your school books. They tell you your learning journey for the term. Please make sure you tick off your topics as you go through them in your lessons.

### School Dinners

#### What's Going Well?

- Cotswold have introduced a school cooked meal on a Friday—students are really enjoying it and the portion size available
  - Baguettes are enjoyed throughout the school

#### Even Better If

- All areas of the school say the portion sizes are too small (many students are still hungry afterwards)
  - The hot meals don't always look particularly appetising
